ABOUT

Data Science professional with hands-on experience in statistical analysis, machine learning modeling, and full-stack web environments. Proficient in building predictive models, optimizing data preprocessing pipelines, and developing AI-driven solutions like recommendation engines.

EXPERIENCE

Data Science Intern

Mar 2026 - Apr 2026

SkillCraft Technology

Data Science Intern at SkillCraft - worked on real-world datasets to perform data analysis, visualization, and basic machine learning tasks, gaining hands-on experience in Python, data preprocessing, and model building.

Website Project Team Lead

Aug 2025 - Mar 2026

Josephities NextWave Foundation

Led the development of the official website for St. Joseph's College (Autonomous), Moolamattom, as part of the inaugural initiative under Josephite NextWave Foundation. Played a key role in kickstarting the foundation's first project, contributing to the early-stage momentum that shaped its activities. Managed the full website development lifecycle — from requirement analysis and design to deployment — ensuring alignment with institutional goals. Coordinated a team, delegated responsibilities, and maintained clear communication with stakeholders to deliver a responsive and user-focused platform.

- Led one of the first core initiatives under the foundation
- Managed end-to-end website development
- Guided team collaboration and execution
- Delivered a scalable, user-friendly web platform

PROJECTS

AI Based Smart Travel Recommendation System

2025

Developed an AI-powered Kerala travel recommendation system that provides personalized destinations using real-time weather, AQI, budget, travel preferences, and user behavior. Implemented weighted scoring and collaborative filtering using React Native, Laravel, Python FastAPI, and MySQL.

- Led the development of the project, designing the personalized recommendation algorithm and integrating real-time climate and AQI data. Built a full-stack system with a mobile frontend, Laravel backend, and Python-based recommendation service.

St. Joseph's College (Autonomous), Moolamattom Website

2026

Developed a modern, responsive website for St. Joseph's College (Autonomous), Moolamattom, providing students and visitors with easy access to academic information, departments, programs, events, announcements, and institutional resources.

- Led the development of the project as a Team Lead at Josephites NextWave Foundation, coordinating the development process and contributing to the design and implementation of the college's digital platform.

Bethania Convent School, Punjab Website

2026

Developed a modern and responsive website for Bethania Convent School, Punjab, showcasing the institution's academics, facilities, activities, announcements, achievements, and other essential information for students, parents, and visitors.

- Contributed to the design and development of the school's digital platform as part of Josephites NextWave Foundation, focusing on creating an accessible, user-friendly, and professional web experience.

EDUCATION

CKMHSS Koruthodu

Jun 2021 - Mar 2023

Higher Secondary Education

St Joseph's College Autonomous Moolamattom

Jun 2023 - Mar 2026

BSc Computer Science

SKILLS

- Languages: Python, R, SQL, Java, C, C++, JSON
- Data & ML: Data Science, Machine Learning, Deep Learning, Generative AI, Recommendation Systems, FastAPI
- Analysis & Visualization: Data Analysis, Data Visualization, Exploratory Data Analysis (EDA), Power BI
- Tools & Databases: MySQL, PostgreSQL, Git, GitHub

CERTIFICATIONS

- [AWS Academy Graduate – Cloud Foundations](#)
- [Generative AI: Prompt Engineering Basics – IBM](#)
- [Foundations: Data, Data, Everywhere – Google](#)
- [Certification in Data Visualization Using Power BI – KGISL Microcollege](#)
- [Ethical Hacking Starter Program – Offenso Hackers Academy](#)
- [Cybersecurity Analyst Job Simulation – Tata](#)
- [GenAI Powered Data Analytics Job Simulation – Tata](#)
- [Cybersecurity Job Simulation – Mastercard](#)
- [Data Analytics Job Simulation – Deloitte](#)
- [Data Science Job Simulation – British Airways](#)
- [NCC 'B' Certificate – Ministry of Defence](#)
- [Google Cloud Certificate](#)
