SUMMARY

Data Science professional with hands-on experience in data analysis, machine learning, data preprocessing, and AI-driven recommendation systems. Skilled in Python, SQL, R, machine learning, Power BI, FastAPI, and relational databases. Experienced in building full-stack and data-driven projects and coordinating website development from requirements through deployment.

TECHNICAL SKILLS

Programming:	Python, SQL, R, Java, C, C++
Data & ML:	Machine Learning, Deep Learning, Generative AI, Recommendation Systems, Data Science
Analytics:	Data Analysis, Exploratory Data Analysis (EDA), Data Visualization, Power BI
Backend & APIs:	FastAPI, Laravel, REST APIs, JSON
Databases & Tools:	MySQL, PostgreSQL, Git, GitHub
Frontend:	React Native, HTML, CSS

PROFESSIONAL EXPERIENCE

Data Science Intern Mar 2026 – Apr 2026
SkillCraft Technology

- Analyzed real-world datasets using Python for data analysis, visualization, preprocessing, and basic machine learning tasks.
- Worked through data preprocessing and model-building workflows to gain hands-on experience with practical Data Science problems.

Website Project Team Lead Aug 2025 – Mar 2026
Josephites NextWave Foundation

- Led development of the official St. Joseph's College (Autonomous), Moolamattom website from requirement analysis and design through deployment.
- Coordinated team members, delegated responsibilities, communicated with stakeholders, and supported delivery of a responsive, user-focused platform.

SELECTED PROJECTS

AI-Based Smart Travel Recommendation System 2025

- Developed an AI-powered Kerala travel recommendation system using real-time weather, AQI, budget, travel preferences, and user behavior.
- Implemented weighted scoring and collaborative filtering for personalized destination recommendations.
- Built a full-stack architecture using React Native, Laravel, Python FastAPI, and MySQL; integrated real-time climate and AQI data.

St. Joseph's College (Autonomous), Moolamattom Website 2026

- Developed a modern, responsive institutional website providing access to academic information, departments, programs, events, announcements, and resources.
- Led development as Team Lead at Josephites NextWave Foundation, coordinating implementation and contributing to platform design.

Bethania Convent School, Punjab Website 2026

- Developed a responsive school website covering academics, facilities, activities, announcements, achievements, and essential information.
- Contributed to design and development with a focus on an accessible, user-friendly, and professional web experience.

EDUCATION

MSc Data Science Jun 2026 – Present

St Joseph's College (Autonomous), Moolamattom

BSc Computer Science

St Joseph's College (Autonomous), Moolamattom Jun 2023 – Mar 2026

CERTIFICATIONS

- AWS Academy Graduate – Cloud Foundations
- Generative AI: Prompt Engineering Basics – IBM
- Foundations: Data, Data, Everywhere – Google
- Certification in Data Visualization Using Power BI – KGISL Microcollege
- Google Cloud Certificate
- GenAI Powered Data Analytics Job Simulation – Tata
- Data Analytics Job Simulation – Deloitte
- Data Science Job Simulation – British Airways
